The latest and by far the most important improvement in Photography is the recently patented picture known as the SPHEREOTYPE, which is not only new and unlate any of its predecessors, but greatly superior to all. The Sphereotype is proof against THE, AIR and WATER, and for richness of tone, warrath of expression and distinctness has re-equal—in fact the it lusion is such that the picture, or image, seems suspended in air, entirely independent of the back ground.

For this picture we have the exclusive right for Memphis. Specimens can be seen in our Gallery, where pictures are also taken in the various styles by our Artist, PROF. REMINGTON, PROF. REMINGTON,
